MEDIA RELEASE

ROAD CONDITIONS REPORT – UNSEALED ROADS OPEN

Coonamble Shire Council wishes to advise the travelling public that **ALL UNSEALED ROADS** are now **OPEN** to all traffic.

Council and rural residents thanks all for their patience and self-restraint in minimising traffic on local, unsealed roads while they were wet.

With more than 1,300km of unsealed roads to maintain, lessening damage while roads are saturated significantly reduces the cost and time needed to carry out road repairs.

Travellers should still be cautious of wet and boggy patches, particularly near causeways.
